Every time that we've done this in the past, when you log onto the computer version (and see the powerpoint), it gives you a 4-digit audio PIN along with the phone number and access code. You need all three pieces of information to call in via conference call.

▼ "Joanne Durand" ---07/21/2011 09:48:08 AM---There's no pin...you just need the access code. I wonder what's going on???

Nope. Same thing.

What is the four digit audio PIN?
